

Intermodal transport price list

Intermodal transport services are non-discriminatory and open to the public. They are provided for all entities interested in cooperation with our company.

Due to the dependence of prices on numerous factors, such as the duration of services, the number of available wagons, the characteristics of the transport relationship (route length) and the urgency of the order, price offers are always provided in response to inquiries from potential customers.

Please send inquiries regarding transport and related services to the following e-mail address:
